we get to see the animals of the zoo. Next I had a year with shadow. I defeated shadow, the Yo Gabba Gabba gang and Little Bear and Chuck E. Cheese showed up, and between the lions, Bowser, Dr. Eggman, their minions, witch of the west, the Nome King, Dogie Boogie, the DC Villians, Avengers Villians, Sareddor, the Disney Villians, Pixar Villians, Voldemort, plankton, Aliens, Scarlott Overkill, Shadow, Godzilla's enemies, Darth Vader, Kyo Ren, Stormtroopers, Zombies, Enderman, Skeletons, Spiders, Zombie Pigeons, Blazes, Herobrine, and the other Villians tried to defeat me, but I defeated them all by myself. Dr. Eggman wonders how I can take down the Villians myself without help. Dr. Eggman is the Villians master. Dr. Eggman and Bowser told shadow and the Nome King to defeat me once they start their mission. I battle with shadow and Dr. Eggman for the last time. Shadow and Dr. Eggman are defeated by Super Jax and that is me. My friends saw me battle the Nome King with my transformed powers. So I defeated the Nome King for he is the match for me. And my friends and I looked up at the stars at night. And my friends appreciate how I defeated the Villians and they gave me a hug. Amy Rose gave me a kiss.
